"OUR WISH IS NOT TO DESTROY GERMANY'S GREAT POSITION, BUT TO TURN HER ASIDE FROM AIMS OF MILITARY DOMINATION"

Britain Not Fighting to Take Constantinople from the Turks.

Nor to Destroy Austria-Hungary

Urges Adoption of Democratic Constitution by Germany.

Great English Premier Defines Anew Allies' Aims.

(Associated Press Cable.)

London, January 5.—David Lloyd George, the British Premier, in an epoch-making speech delivered today at what he declared to be the most critical hour of the war, laid Great Britain's war aims before the world, both more broadly and more specifically than they have ever before been formulated.

A just and lasting peace was the British aim, the Premier reiterated, and this, he declared, must be achieved by the re-establishment of the sanctity of treaties, territorial adjustment on the basis of self definition and the limitation of armament, carried out by the creation of an international organization.

Great Britain was prepared to make even greater sacrifices in achieving these ends, he declared.

In effect the speech was a reply to and the rejection of the peace terms as voiced by the spokesman for the Central Powers at the Russian-German peace conference.

No lasting peace was possible on this basis, he asserted.

"Although we agree with President Wilson that the breaking up of Austria-Hungary is no part of our war aims," he said, "we feel that unless genuine self government on true democratic principles is granted those Austro-Hungarian nationalities who have long desired it, it is impossible to hope for removal of those causes of unrest in that part of Europe which has so long threatened its genuine peace."

EPOCH MARKING

(By Associated Press Cable.)

London, January 5.—Premier Lloyd George, addressing the trades reunion today on war aims, said that only the clearest, greatest and most just causes could justify the continuance even for a day of "this unspeakable agony of nations."

The Premier continued: "We ought to be able to state clearly and definitely not only the principles for which we fight, but the definite application to the war map of the world. We have arrived at the most critical hour and before any government takes the fateful decision as to the conditions under which it ought to terminate or continue the struggle, it should be satisfied that the conscience of the nation is behind the condition."

Mr. Lloyd George said that during the last few days he had taken special pains to ascertain the views and attitudes of representative men of all sections of thought in the country.

"We are not fighting a war of aggression against the German people," declared the Premier. "Our wish is not to destroy Germany's great position in the world, but to turn her aside from aims of military domination to devote her strength to beneficial tasks."

The Premier continued with the declaration that Great Britain was not fighting to take Constantinople from Turkey nor destroy Austria-Hungary. "Our viewpoint," he declared, "is

INVENTED NEW ANTI-ZEPPELIN BULLET

J. POMERY.

J. Pomery, of Hammersmith, England, the inventor of the Pomery bullet, which has been used with great success against the Zeppelins. Mr. Pomery's new bullet was put to the test during a recent air raid over London and succeeded in bringing down one of the big air raiders. The bullet penetrates the huge gas bags and the Zeppelins and then explodes, setting the airship on fire. The photograph shows Mr. Pomery and his little daughter, Mary, with the model of an airplane, upon which the inventor is now working.

that the adoption of a Democratic constitution by Germany would be the most convincing evidence that the old spirit of military domination was dead, but that is a question for the German people to decide."

Referring to the pronouncement made Christmas day by Count von Czernin, the Austro-Hungarian foreign minister, at the German-Russian peace conference, the Premier said:

"It is impossible to believe that any permanent peace could be erected on such a foundation."

Premier Lloyd George said that an independent Poland comprising all genuinely Polish elements who desired to participate, was an urgent necessity for the stability of western Europe.

DEEP ATTENTION IN WASHINGTON

(By Associated Press Dispatch.)

Washington, January 5.—Premier Lloyd George's speech overshadowed all other developments of the war today in official and diplomatic Washington and was regarded with the deepest attention everywhere.

Official expressions, however, were withheld generally until the full text of the speech is received.

ENTOMBED

(By Associated Press Dispatch.)

Wilkesbarre, Pa., January 5.—The lives of four miners are believed to have been lost in an accident today in the Barnum mines near Pittston.

There were about 100 men and boys at work when the middle vein collapsed. The passageway was not entirely filled and all but four were rescued. 23 were injured.

LEADERS AT WORK ON NEEDED NEW LAWS

Some Indication of Opposition to President's Railroad Program.

But Idea of Message Will be Carried Out in the Main.

(By Associated Press Dispatch.)

Washington, January 5.—Administration leaders in Congress went to work today to bring about early enactment of legislation recommended by President Wilson to perfect government control of railroads.

Although there were indications of opposition to certain features of the President's plan as outlined in the bill introduced yesterday, his ideas in the main were received with general approval.

Changes in the provision that Federal control shall continue after the war indefinitely or until Congress orders otherwise, and details of the proposed plan will be urged.

SHAKE UPS IN CAMP IN SOUTH ARE RUMORED

Reported, Without Confirmation, that General Speaks Will be Sent to Ft. Meade.

(By Associated Press Dispatch.)

Camp Sheridan, Montgomery, Ala., January 5.—Persistent rumors of another shake-up in high command in the Ohio division are spreading among officers. While those comprising the surplus officers list from the last organization are awaiting their fate, it is reported without confirmation that many surplus officers including Brigadier General John C. Speaks are to be sent to Ft. Meade for special assignment.

The latest rumor is to the effect that Brigadier General W. C. McMaken of Toledo, commanding the 74th Infantry Brigade is to be added to the surplus list. In the same connection it is rumored that Colonel F. W. Galbraith, of Cincinnati, who succeeded Colonel Lloyd W. Howard of Toledo of the 147th Infantry, is in line for a Brigadier Generalship.

WEATHER

Washington, January 5.—(Associated Press Dispatch)—The Ohio weather predictions for the week beginning Sunday follows:

Rain or snow Sunday, followed by fair weather for a few days, and again by rain or snow after the middle of the week. Temperature more moderate.

DARDANELLES WILL BE OPEN TO RUSSIANS

Turkey Agrees to Allow Russia to Pass Through for Demobilization Purposes.

(By Associated Press Cable.)

London, January 5.—Free passage of the Dardanelles for Russian ships, Russian evacuation of Turkish territory, and the demobilization of the Russian Black Sea fleet are provided for in the draft of Turkish peace terms presented to Russia, according to an Exchange Telegraph dispatch.

Turkey, it is provided, is to retain her active army in consequence of the continuation of war against the Entente.

One of the main points in the draft presented by the Turkish delegates is that frontier lines are to remain as before the war.

BIG BUNCH PROMOTED AT THE BIG CAMP

(By Associated Press Dispatch.)

Camp Sherman, Chillicothe, O., January 5.—Nine new majors, 13 new captains and 167 new first lieutenants were appointed at Camp Sherman in official orders from the War Department. All of the appointments were promotions for men who have been stationed here. The promoted officers were routed out of bed at two o'clock this morning to be informed of the news.

Among those promoted to be majors was Captain James A. Garfield, grandson of President Garfield, who was married last Monday night to the daughter of Major General E. F. Glenn, and who is now in New York City on his honeymoon.

Richard M. Scovill, a former star athlete at Yale was made a first lieutenant.

ARE USING GAS

(By Associated Press Dispatch.)

London, January 5.—Numbers of motor cars in this city are being converted into gas-driven vehicles. So many men are engaged on this work that it is probable the government will take steps to forbid the use of gas as a propellant where petrol licenses have been refused.

NOBODY MET 'EM

(By Associated Press Cable.)

London, January 5.—When the delegates of the Central Powers reached Brest-Litovsk to resume the peace negotiations they found no Bolshevik delegates there, according to a Vienna dispatch to Zurich.

All that awaited them was a telegram from the Russians asking to transfer the conference to Stockholm.

STUDENTS DEMAND PREXY RESIGNATION

(By Associated Press Dispatch.)

Cleveland, O., January 5.—A petition signed by 150 students of Baldwin Wallace College demanding the immediate resignation of President L. Breisch because "he has never denounced the crimes and atrocities of Germany before the student body" was to be presented today to the committee of Methodist Bishops and ministers investigating pro-German feeling in the college.

REVOLUTION ON IN SPAIN

(Associated Press Cable.)

Madrid, January 5.—A revolutionary movement has come to light. Telephone and telegraph communication has been suspended and other precautions taken.

UNDER CONTROL

(By Associated Press Cable.)

Madrid, January 5.—The government announced today that it was master of the situation.

BRILLIANT CONCERT IS GIVEN BY CULP STRING QUARTETTE

Few concerts have so completely captivated Washington audiences as that given by the noted Dutch all-artist Culp String Quartette, at the high school auditorium, Friday night, as the third number of the series of artist concerts arranged by the Cecilians.

The Culp String Quartette is one of the most noted string quartettes in America, with Siegmund Culp playing first violin, Ernst Pack, second violin; Carl Wunderle, the viola and Walter Hermann the cello, and producing perfect harmony the like of which is seldom heard in such difficult numbers as those composing the program presented Friday night.

Siegmund Culp has gathered about

him a trio of musicians upon whom he can rely to handle with apparent ease all of the most difficult selections listed in the company's repertoire, and throughout the long and brilliant program not a false note marred the perfect harmony, and the audience indicated its hearty appreciation of the efforts of the quartette by round after round of applause.

The faultless rendition of Haydn's Quartet No. 14, Op. 77, the opening number of the program, easily convinced the large audience of the genuine musical treat for the evening. It was the first time that this difficult number had ever been presented to a Washington audience.

The entire program consisted of unusual numbers of great beauty. Brahms' Cornelian paraphrase of the celebrated "Slumber Song" was played with intense feeling, appealing especially to the artistic sense.

Others were Shagaglia's Concert Etude, D minor; Menuetto in A, Boccherini; Sassenet's Elegie; "Molly on the Shore," Percy Grainger; Quartet Op. 106, G major, Dvorak, and other brilliant numbers by the same author, all brilliantly executed by the gifted players.

The four men, members of the Cincinnati Symphony Orchestra, form one of the really noted string quartettes of the land, and the Cecilians were fortunate indeed in obtaining them for a concert in this city.

SABINA TEAM IS COMING TUESDAY

A basket ball game has been arranged between the local "Y" team and the Sabina Independents, for next Tuesday night.

The Y. M. C. A. team has been practicing for the contest and the Sabina aggregation is a neat bunch, so an unusual game may be expected.

GAME POSTPONED

The high school Alumni basket ball game that was to have taken place Friday night, was called off owing to the Culp String Quartet being at the high school auditorium.

Most of the Alumni team were from college and they have returned to their respective schools, so the game will not be played.

BIRDS FLOCK ABOUT FOR DAILY "EATS"

The flocks of birds have begun to realize that, although the ground is covered with a heavy coat of snow, they need not wait for food.

Probate Judge Allen places food each morning and each afternoon on one of the court house window sills, so that the birds will not starve. A large number of birds collect on the trees as feeding time approaches, awaiting the kindly action of their host.

NEW SCHEDULES OF GYM CLASSES

Gymnasium classes will be resumed on the new schedule which follows: Juniors, A, Mondays, and Wednesdays 4:45 to 5:45 o'clock; Juniors, B, Mondays and Wednesdays 3:45 to 4:45 o'clock and Saturdays 8:30 a. m. to 10 a. m.; Seniors, Mondays and Wednesdays 7:30 p. m. to 8:30 p. m.; Business Men A, Tuesdays and Fridays 12:00 to 1:00; Business Men B, Tuesdays and Thursdays 5:00 to 6:00 p. m.

NO ARRESTS MADE DURING NEW YEAR

So far this year no arrests have been made in this city, and Mayor V. J. Dahl has had nothing to do in this line, but has been busy on other matters pertaining to the office.

It is somewhat unusual for so many days to elapse without arrests, and the logical explanation is that the price of booze has reached a point where it is not easily procurable.

JAY BURNETT IS NEW ASSISTANT

Jay Burnett has been acquired by the Y. M. C. A. board of directors to assist in the physical department of the Juniors.

Since the enlistment of Mr. Parker the boys have been left without a physical director.

MANY APPLY TO INCOME TAX MAN

Mr. Chas. Newell, income tax collector, who is now located in the Law Library, at the court house, where he is receiving reports from persons who are subject to the income tax law, is a very busy man right now, and the indications are that he will be kept busy for the next ten days or two weeks.

At one time Friday a half score of persons were waiting for their turn and Saturday the number was even greater.

SUGAR SHORTAGE GROWING EASIER

The sugar situation today is not so dark as it was a few days ago. Most grocers have a small supply on hand, and are selling two pounds to a customer.

Within the next two or three weeks persons will, in all probability be able to purchase a little more sugar than grocers allow to a customer at the present time, providing freight congestion becomes easier.

INJURED MAN IS NOW CONVALESCENT

Mr. Omer Hidy, seriously injured by an explosion of acetylene gas, at New Martinsburg, is recovering slowly, and has regained consciousness. Physicians believe he will not speedily recover.

His forehead is one mass of wounds and other cuts and bruises appear on his face. His sight, for which fear was entertained, was not injured.

PRAYER MEETING

In compliance with the general request, a prayer meeting will be held tonight in the Y. M. C. A.

IN SOCIAL CIRCLES

The East Point street group enjoyed an in-door picnic in the basement of the M. E. Church Friday evening.

Thirty-five guests were seated at a long table bountifully filled with the delicacies of the winter season.

Judge T. N. Craig, very ably filled the role of toastmaster of the evening. Rev. Arthur P. Cherrington and others responded with toasts of wit and humor.

The committee in charge of the picnic were: Misses Elsie Craig, Lulu Bininger, Mrs. Edward Clark, Mrs. A. C. Patton and Mrs. Will Bishop.

Miss Lulu Moore delightfully entertained at her country home on New Year's Eve a jolly crowd of the "younger set" of Jeffersonville.

Music, games and contests, Miss Ala Zimmerman winning the prize in a Doll Romance contributed to an enjoyable evening.

At a late hour a delicious collation was served.

Mrs. Moore, and daughter, Marie and Miss Ala Zimmerman assisted the young hostess.

The guests were: Misses Mary Lee Barker, Harriet Morrow, Janice Wilson, Ala Zimmerman, Messrs Wallace Perrill, Nathan Ervin, Charles Davis, Leonard Williams and Alfred Milburn.

The regular January meeting of the Daughters of American Revolution will be held at the club rooms on Monday afternoon, January 7th. An attractive Edison program has been arranged. Regular payment of dues at this meeting.

Last night thirty-five boys and girls of Miss Ella Montgomery's and Miss Forest Allen's eighth grades enjoyed a jolly "bob-sled" ride to Bloomingburg, where appetizing refreshments were served.

Misses Allen and Montgomery and Arthur Southard chaperoned.

Those who enjoyed the affair were: Charlene Sharp, Nella Louise Taylor, Gail Bowen, Martha Porter, Ethlyn Morgan, Helen Russell, Georgia Bryant, Martha Gibson, Catherine Snider, Laura Brownell, Dorothy Dick, Dorothy Briggs, Florence Bliss, Lela Bargar, Helen Miller, Gladys Bailey, Margaret Harper, Frances Snider, Sam Nelson, Ed Lewis, Justin Evans, Wm. Gray, Varden Long, Arthur Elliott, Arthur Southard, Hiram Hitchcock, James Dice, Jesse DeLong, Earl Householder, Arthur Willison, Ralph Taylor, Ralph Gage.

HARTMAN THEATER
(Columbus, O.)

Entire week January 14th. Matinee Wednesday and Saturday. "So Long Letty."

Oliver Morosco will again invade Columbus, this time bringing his most successful musical comedy, "So Long Letty," which he will present at the Hartman Theater one week, beginning Monday night, January 14th with matinee Wednesday and Saturday.

"So Long Letty" is different from the majority of musical comedies inasmuch as there is a plot. The story is taken from Elmer Harris' farce, "Your Neighbor's Wife," the adaptation being made by Mr. Morosco, and the original author. It deals with two couples who reside in the Trolley-car colony on the beach at San Francisco Bay. The male members of the couples fancy they would be much happier if they possessed each other's wives and arrangements are made to accomplish this by a week's trial,

which are circumvented by the two wives in dealing with the arrangement, and in finally winning their husbands back.

Throughout the two acts are interspersed eighteen musical numbers by Earl Carroll, many of which are new. These will include "When I Fell In Love With You," "Maryland" and "When They Start To Yodel Ragtime Songs in Tennessee."

The company includes Charlotte Greenwood, Sydney Grant, Will Morrissey, May Boley, Tyler Brooks, Henrietta Lee, Pauline De Lorme, and Hallie Manning, and the dancing Du Fors, who will introduce a number of novel dances.

Mail orders for seats for "So Long Letty" will be received now at the Hartman, and will be filled in order of their receipt and returned promptly when accompanied by a stamped, self-addressed envelope and remittance. Patrons ordering seats by mail are reminded not to forget the war tax.

FRENCH CLASS

Prof. Cardon of the French Dept. Ohio State University can be secured to come to this city on Thursday evenings to instruct a class in French for the sum of \$15, an evening, each lesson to occupy hour and 45 minutes time.

Prof. Cardon will use his own book and will teach the class by conversation with a much necessary grammar as required to enable students to understand, speak and write French correctly.

Especially attention will be given to the pronunciation so difficult for Americans to get.

Whether arrangements can be made so that local people may have the advantage of these lessons depends upon the class enrollment.

The opportunity is an exceptionally good one, viewed from every angle, for those who are anxious to acquire a knowledge of the French language.

President Wilson's Address

President Wilson's address to Congress, assembled in joint session, Friday noon, considered in connection with the legislation offered immediately after its conclusion abundantly supports the belief that, at the present time, it is the intention of administration leaders to retain permanent control, ripening into government ownership after the war, of the great common carrier systems of the nation.

That the government officials have determined that their management of the railroads shall not be interfered with by employees' organization, designed to hinder or block traffic, is conclusively disclosed by the proposed legislation. Making it a serious offense to interrupt traffic.

There can be no doubt that that provision is aimed directly at the organizations, which have so long menaced the railroads under private management.

President Wilson's comprehensive grasp of the tremendous problem in all its complex details was clearly disclosed by the very simplicity of his presentation of the insurmountable difficulties encountered under private management and the complete detailed plan, which he elaborated on in his address, for the management of these great properties, totaling in value, as he expressed it, thousands of millions of dollars.

The unequivocal assurance by President Wilson that existing property values would not be disturbed, that valuations should be fixed as of the high tide of earning capacity under private ownership and management, rather than upon the net earnings under the necessary traffic restrictions imposed by government operation, should go far to assure all financial interests that their property will be safeguarded and enhanced under the government's plan.

Another wholesome assurance was that one given to private persons that the government business should not be allowed to interfere with private commerce.

That only when the imperative demands of war made it necessary, would the private shipper be inconvenienced.

On the whole government control and government ownership looks brighter, more practical, more promising of good results since we have heard from President Wilson the objections to the old plan and the probabilities of the new way.

Hopes for the Spring Campaign

Again the world waits for spring and a resumption of the offensive against the Germans.

The tremendous army which required, to build, forty long years time, all the patience and determination of the German people, and enormous sums raised by taxation which reduced the people, individually, to the verge of poverty, has been halted and defeated by the armies of Great Britain and France. The ambitions of the war lords has been balked.

The little army of "contemplatives" of Great Britain and the hurriedly assembled forces of France held and turned back the Hun hosts. Now the allies have an army, equal, in numbers, in supplies and artillery, to that of the Germans and it has been built, under the most trying conditions, within the last three years time.

After three and one-half years of war, however, the German army seems secure in its defenses back of the mud and swamps of Flanders.

On the sea the combined fleets of the allies easily maintain supremacy even against the piracy of unrestricted submarine warfare.

Where then can we look for the power to break the existing dead-lock, sooner than can be accomplished by the tedious and frightfully costly process of attrition, on land and sea.

To the air and to America. The air above the battlefields is still unscarred by entrenchments and frowning fortifications, the pathways of the air are not barred by mountains or morasses across which armies and heavy artillery cannot be forwarded to the attack. The air is still free and offers, apparently, the only quick way to and beyond the German defenses.

To take advantage of the only "unoccupied territory" we must have air fleets and airmen and America, only among the allies, with her tremendous resources, with her inventive genius and her unmatched industrial powers, is able to furnish undisputed supremacy in the air.

That's why America is appropriating hundreds of millions for air craft construction and training thousands of men for service in the skies.

Each spring we have looked forward to some new drive, which would hasten the end. This year the world expects the American air fleet and American air men to deal the final blow to the mad Kaiser's forces and to fight it out in the blue dome of the peaceful heavens above the clouds which cover the scenes of carnage on the earth.

Poetry For Today

THE DRUMS OF PEACE.

Hark! What rising sound is that?
It beats a steady "rat-a-tat"
Upon a nation's gate.
Its rumblings cross a continent;
A startled world gives ear, intent
To hear the drums of Fate!

In billions, pennies tumbling in
Roll on and rattle toward Berlin
A storm of stinging shots!
By millions thrifty hands give toll
To check the waste; to burn less oil
As penny-patriots.

So, little children, strive with care
That savings may sing "Over There"
And down autocracy.
Each penny in each thrift stamp held
Thus some sweet sacrifice has spelled
For true democracy.

But hark! The tide of pennies sweeps
Across the sea; the Kaiser weeps!
The gates of freedom lift!
And how a gasping, war-torn sphere
Stops its fighting to reverse
The drums of penny-thrift!

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

A RAW, SORE THROAT

Eases Quickly When You Apply
a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 20c and 60c jars; hospital size \$2.50.

BRITISH ARE FORCED TO A RETIREMENT

By American Press.
LONDON, Jan. 5.—The Germans in the Cambrai sector in France, in local attacks, have pushed back four British advanced posts for short distances. The artillery duels along the western front in France and Belgium, and also in Italy, are still going on, but the infantry is virtually idle except for patrol engagements.

Again there has been considerable fighting in the air on the western front. The German aviators during the week have accounted for 23 allied aeroplanes and two captive balloons. French aviators have brought down eight German machines and also carried out bombing operations behind the enemy lines.

The American army in France is to be reinforced by the American aviators who became famous as pilots in French escadrilles. Thirty-two men, mostly members of the Lafayette escadrille, will be the first to be sworn into the American army. Others will follow them as rapidly as possible. The transfer of the aviators from the French to the American colors was brought about through negotiations between the French and American army authorities.

FLETCHER RELIEVED BY SECY DANIELS

(By American Press)

Washington, Jan. 5.—Rear Admiral W. B. Fletcher, formerly in charge of the navy convoy system abroad, has been relieved and ordered home as a direct outgrowth, it is said, of the torpedoing of the American transport Antilles.

Secretary Daniels declined to disclose any information regarding the inquiry into the loss of the American army transport Antilles, recently torpedoed with considerable loss of life. Only meager details of the loss have been made public. Admiral Benson told the house naval committee it was due in part to convoy arrangements. It is shown that, following an investigation, Rear Admiral William B. Fletcher, formerly in charge of the American conveying forces in French waters, was recalled to the United States.

Uncle Sam's "Baby Liberty Bonds"

**For Each Quarter You Lend Your Government
You Will Receive a Thrift Stamp.**

**Buy Sixteen Thrift Stamps and Then an Extra 12 Cents, paid in January, Entitles You to a War
Savings Certificate Worth \$5.00 on January 1st, 1923**

There you have, in the fewest possible words, a clear outline of the wonderful plan of the United States Government to raise \$2,000,000,000 during 1918 from the loyal people of the United States who may not have been in a position to buy any of the First or Second Liberty Bonds of larger denominations.

This plan of the Government to pay to patriotic small investors 4 per cent interest, compounded quarterly, has been pronounced by leaders in finance as the Greatest Stroke in Popular and Profitable Financiering ever made.

**This War Must Be Won If You Value Your Life and Liberty.
This Plan Enables You To Do Your Share Toward Winning The War.
Patriotism Is a Matter of the Heart, Not the Pocket-Book.**

Some one has called War Savings Certificates "Uncle Sam's Baby War Bonds." This is a good name for them.

Millions of people who had the patriotic inclination, but not the ready money to buy a \$50 Liberty Bond, now can proudly hold up their heads and say to their Uncle Sam, "Uncle Sam, we are with you, heart, soul and money!"

The quarters and dollars which you save and invest in Thrift Stamps and War Savings Certificates are used in the same blessed mission as the millions invested in Liberty Bonds.

**The Kaiser Did Not Ask Belgium To Lend Him Money.
Those Imperial Robbers Took All They Found.**

They cloaked their steal under the name of "Indemnities" and "Fines." They robbed the well to do and sent the poor into slavery. The United States needs all the money it can borrow to head off the autocratic descendants of the old Robber Barons. America wants no revival of this Royal Reign of theft.

If you believe that it is worth while to prevent your daughters from suffering the fate of the girls of Belgium, France, Servia and Roumania—condemned for a life worse than death by the Rule of Frightfulness, you will back the United States in throwing the entire weight of her arms in the scale of Civilization and Righteousness.

**Every Dollar Counts and the Patriot Who Buys One War Savings Certificate is Taking a Part
in the Greatest Struggle for Freedom and Righteousness Ever Fought.**

Some Easy Ways of Buying Thrift Stamps and Savings Certificates

You can buy a Thrift Stamp at any Bank or Postoffice and you will be given a Thrift Card on which to paste it. When you have 16 Thrift Stamps pasted on the Card, take it to your Bank or Postoffice. Pay 12 cents additional during January and you will be given a registered War Savings Certificate in your own name.

You can buy a War Savings Certificate for cash or on the Installment Plan, viz.: by paying 25 cents down and 25 cents whenever you feel like saving it.

You can buy War Certificates outright NOW for \$4.12 and it will net you a profit of 88 cents by January 1, 1923.

If you should need your money at any time, go to any Post Office with your War Savings Certificate. The Post Office will pay you back what you paid for it; also 4 per cent interest compounded quarterly.

If you haven't time to visit the Post Office or Bank, write to the postmaster saying, "I want one 25-cent Thrift Stamp C. O. D.," and your letter carrier will bring it to you next day, collect your money and give you your Thrift Stamp and Thrift Card.

CLOSING SERVICES OF WEEK OF PRAYER

The final meeting of the "Week of Prayer" was held last night in the Christian Church. The pastor Rev. Groves was in charge.

Rev. Arthur Cherrington delivered the sermon on the chosen topic, "Prayer for World Wide Missions, Home and Foreign." It was a masterly survey of this most important of all religious questions, in the light of the great world war.

It was followed by an earnest appeal to meet the larger opportunities, and responsibilities opening before us. Many earnest prayers were offered.

This closing service brought out a large attendance and made a profound impression.

This nation-wide "Week of Prayer" with its millions of Christians gathered in churches to call upon God together in prayer is another demonstration of the fact of the unity of all believers of Jesus Christ, as the son of God, the Savior of the world, the head of the church, and the Prince of Peace.

GETS WORLD NEWS FROM OLD COPIES OF DAILY HERALD

Writing from some unknown point in France on December 14th, Major R. G. Allen says in part:

"The only world news received for the period between the time we sailed and a day or two ago, has come to me through copies of The Herald bearing dates of late October and early November."

Major Allen expresses his regrets over the defeat of women suffrage and the dyes at the November election—a thing which he learned a few days before his letter.

Enclosed with Major Allen's letter was a copy of the Rainbow Reveille published in France, with one of the human interest paragraphs marked. One of these paragraphs reads: "The ups and downs of our present life—The Hills of France."

FUNERAL SERVICES LARGELY ATTENDED

A large number of sorrowing friends and relatives attended the funeral services of Guy Colaw, Friday afternoon.

Rev. Jason Henkle and Rev. S. P. Ludwick conducted the services. Mrs. George Cline and Mrs. Albert Slagle sang beautifully, "He Knows," and "Beautiful Isle of Somewhere," and many beautiful flowers expressed the sympathy of friends and neighbors.

The pallbearers were the six brothers-in-law, Messrs. Wert, Harry and Wilbur Reynolds, Arthur Simmons, Anariah Sutton and Al Rayburn.

HOST OF TRINKETS IN MELTING POT

So rapid did the collection of trinkets of all kinds pour into the melting pot at the Midland Bank, Friday and Saturday morning, that several additional melting pots were necessary to hold the host of gold, silver, copper, brass and other articles that poured into the melting pots from citizens from all parts of the city and county.

The final trinkets will be consigned to the melting pots tonight, and when the "melting" takes place, a snug sum will be realized for the War Hospital Library fund.

The collection of articles is attracting widespread attention, but none are attracting more attention than a large placard bearing the words "We Will Win The War," spelled out in one cent pieces. This was the work of the children of the Central schools.

HICKORYNUTS SAVE HOME FROM BURNING

A bag of hickorynuts in the attic of the home of Charles Moore, on the State road, saved the building from destruction by fire, Friday afternoon.

Mr. Moore had been burning wood and some sparks from a defective flue ignited the woodwork in the upper portion of the house. A bag of hickorynuts was hanging against the woodwork where the fire was eating its way into the building, and the flames burned away the string supporting the bag, allowing the hickorynuts to fall with a great clatter to the floor below.

Hearing the unusual noise members of the family rushed to the upper portion of the house, discovered the fire and quickly extinguished it.

OFFICERS INSTALLED

At the regular meeting of Wynetta Council No. 78 Degree of Pocahontas, Friday evening, January 4th, the following officers were installed for the coming year.

Ellen Buchler, Pocahontas; Jesse Reveal, Wenonah; Mildred Moss, Prophetess; Emmitt Fortier, Powhatan; Hattie Fortier, K. of R.; Gertrude Oliver, K. of W.; Florence Morris, First Scout; Mabel Aills, Second Scout; Anna Snyder, First Warrior; Lizzie Powless, Second Warrior; Margaret Reynolds, Third Warrior; Mary Taylor, Fourth Warrior; Meda Robinson, Guard of Tepe; Carrie Walters, Guard of Forest; Nellie Crone, Musician; Belle Arbogast, Trustee; Belle Arbogast was also elected representative to the Grand Convention; Mildred Moss, Alternate. The convention will be held at Akron, Ohio.

The entertainment committee for the term is: Gertrude Oliver, Chairman; Florence Morris, Carry Walters.

EPIDEMIC YIELDING AT WILLIAMSPORT

The smallpox epidemic at Williamsport, which has caused quite a great deal of worry to citizens in general in that village, and has resulted in a general order for the vaccination of all school children, is beginning to yield to the careful quarantine and within a short time the officials hope to have the epidemic stamped out.

A few days ago some of the citizens made up a purse and called a physician from this city to decide whether certain cases were smallpox or chicken pox, and he immediately pronounced the cases smallpox, and ordered a strict quarantine.

The homes in this village under quarantine are W. D. Heiskell, Isaac Ater, Stanley Hill, Cleveland Davidson, persons named are ill; Wesley Whitten, self and grandchild; Willis Morris, himself and daughter; Russel McDill, at Dr. Briner's residence.

REV. W. B. GAGE WRITES FROM N. Y.

The Herald is in receipt of a communication from Rev. Wm. Boynton Gage, who, with Mrs. Gage, has been spending the past week in New York City, where Mr. Gage supplied the pulpit of the Red Bank church, during the absence of the pastor, Rev. Wm. C. Stinson, engaged in Red Cross work.

Mr. Gage writes that the national conservatism is noted in the metropolis, with Broadway dark every night except Saturday and New Year's eve observed very quietly. The weather has been very severe, coal famine acute, every place chilly—including hotels, but withal both Mr. and Mrs. Gage are enjoying the trip highly. Next Sunday, January 6th, Rev. Gage goes to Greenfield to moderate a congregational meeting to extend a call to Dr. Newell, who has been supplying the Greenfield Presbyterian church since the resignation of Dr. Roher.

Dr. Newell will fill the local Presbyterian pulpit Sunday morning, Rev. Gage returning for the evening service.

WOULD BLOCK TEUTON

(By American Press)

London, Jan. 5.—In case of a definite breach in peace negotiations between Russia and the central powers, no one in this country has much hope that Russia will be able to resume the war. This is practically impossible, owing to the condition of the Russian army. Germany may not have to waste many men in her efforts to penetrate Russia commercially in view of this utter disorganization of the Muscovite fighting forces. The Brest-Litovsk negotiations, however, have proved this effort at commercial penetration and economic domination is Germany's particular game in Russia. The revelations must inevitably strengthen the allies' resolution to wage the war unremittingly to a victory. A Russia dominated by Germany dwarfs even the Mitteleuropa scheme in its vastness.

The Liberal newspapers, Chronicle and News, both urged practical recognition by the allies of the Bolsheviks in editorial comment. Meanwhile it was admitted that the present situation necessitates unofficial dealings with the Bolsheviks, which, in the absence of British Ambassador Buchanan, will be done through some commissioner holding the confidence of the Russian officials.

An allied statement of democratic purposes and policies in the war is due to be forwarded to Russia.

GEORGE COHAN WROTE "OVER THERE"

It is the popular war song. He sold all rights to a publishing company for \$25,000. They have sold over 500,000 copies at ten cents each. We always attend any show George Cohan puts out that comes our way. They are always full of paprika. He did not write the following:

"Some people were made to be soldiers,
But the Irish were made to be cops;
Sauerkraut was made for the Germans,
And spaghetti was made for the wops;
Fish were made to drink water,
And bums were made to drink booze;
Banks were made for money,
And money was made for the Jews;
Everything was made for something,
Most everything but a miser;
God made Wilson for President,
But who in H— made the Kaiser?"

NOW MAYOR OF A FRENCH TOWN

By Associated Press Dispatch.

Columbus, O., January 5. — "Who would have thought that I would ever be mayor of a French town?"

The question is part of a letter received by Mrs. T. E. Hardman of Columbus, from her husband, Lieutenant Hardman of the machine gun company of the 166th U. S. Infantry. This company is part of the Rainbow Division. The letter, in part, follows:

"Captain Watson, Lieutenants E. E. Graff and Busch, are detailed away to instruction school, leaving me the ranking first lieutenant of the town. I am mayor and military head of this town. Who would have thought that I would ever be mayor of a French town—and some town. I wish I could describe it to you.

"Sergeant Hedges is my city clerk and Corporal Bender my chief of police. The council held a meeting this morning. You never heard such jabbering in all your life. Hedges and I did nothing but laugh. When the meeting was over they all stood up and said 'We Wo,' meaning 'Yes.'"

"The people are very nice, mostly old folks here in this village. I wish you could see my room—no carpet, but the floor is very clean. The bed is an old-fashioned 'high poster' with box springs, two feather beds, two light feather comforts and a pattern silk quilt. It is so high, I climb upon a chair and then jump. I had one time telling the old lady that I did not want sheets on my bed, but want

ed my own blankets. We have traveled clear across France. The country roads and farms here are kept up grand. Everyone in the company is well and fat. We have plenty to eat and good shelter. Tell all not to worry."

POLICE WILL HELP IN FOOD PLANS

By Associated Press Dispatch.

Cleveland, O., January 5. — Police co-operation will be asked in the distribution and collection of the 6,000 blanks sent out this week by the United States Food Administration to all institutions and persons in this city handling \$250 worth or more of food-stuffs a week. This is part of the new federal food survey being made with the idea of learning the amount of food on hand in the country.

Cleveland has been chosen to represent all cities of 200,000 or more population, one community being selected from all others in the country to form a basis for returns. Leo B. Forst, of Cincinnati, representing the food administration, is in charge of survey.

GRAPHIC ACCOUNT OF "Y" AT FRONT

Many orators and writers have told of the work being done by the Young Men's Christian association at the front.

There have been all manner of stories passed around. But it has remained for a Canadian soldier to give the most graphic account we have seen or heard—and he makes no pretensions to being a literary genius, either. Right at the front, he has this to say for the Y. M. C. A.

"No lights are allowed—they are dangerous, except a few candles in boxes, opening in upon the darkness of the building.

A Phonograph is there. The Scotch boys pick out the Harry Lauder records and wear the face completely off them. The Canadians wear out the American ragtime records and the English another lot.

"They swarm up next to the few candles, writing letters home before they return to the miserable trenches, some holding writing paper on their hats, some on the backs of others.

"They scrape the caked mud off their clothing as they sit about the fire, the only warm place within miles.

"A soldier recites a poem, tells a story or does a turn. Hearty, but subdued laughter follows. Old home songs are sung, something of a normal peaceful atmosphere returns. Faces and nerves relax. Morale is strengthened. Men can face their turn in the trenches.

"By two or three o'clock in the morning, before they go back, they leave their letters with the secretary, some to be mailed only if they do not return. A soldier or a secretary recites a bit of familiar scripture (lights are too dim to read easily, and a soldier suggests a hymn.

"Out into the night they go with a breath of appreciative thanksgiving that the folks back home have sent the Y. M. C. A. as a vote of trust in their boys, and as an infinite boon in an unbearable surrounding."

To Our Growers

We desire to state to our old growers as well as new growers that our books are open and we are ready to talk and contract with you for 1918 crop of Peas.

We announce our price for good O. K. Stock shell-peas, both June and wrinkled stock, of sixty dollars (\$60.00) per ton delivered to our factory.

This is quite an increase over our last year's prices on Peas.

Peas being a crop that matures early enables the grower to produce a second crop, such as sweet corn, Lima beans, beets or spinach.

Alfalfa or clover sown with peas not only produces you a crop of peas but insures you a start of alfalfa or clover, an undisputed fact.

By way of suggestion regarding acreage. We all know that to insure good crop yields, depends largely upon the soil. If you expect a good crop you must plant that crop in good soil. This is an important consideration, especially during our war when so much is depended upon us. Our success in the growing of crops depends upon your success in the growing of crops.

Our Field Inspector, Mr. Harry Hyer, starts on his mission and will endeavor to see you. However we suggest you either call us by phone or write or what is better, come and see us.

We will announce prices on sweet corn in a few days.

The Sears & Nichols Canning Co.

The Fayette Grain Co.

Announces that on and after this date, in compliance with the resolution of the Board of Directors, everything sold at our elevator will be for cash and that beginning January 10th all present open accounts on the books unsettled at that time will be subjected to an interest charge of 6 per cent.

This charge is made necessary in order to meet the government's requests for conservation.

FISH ARE FROZEN IN FAYETTE STREAMS

Reports from some parts of the county are to the effect that many fish have perished during the past few weeks, and the belief is expressed that the death of the fish has been due to the abnormally cold weather and low condition of the streams, resulting in the creeks being frozen to the bottom in a great many places, thus suffocating or freezing the fish, or starving them to death.

Other points in Ohio are reporting similar conditions, and with the creeks still frozen deep, the extent of the injury to fish is not known, but may be really serious.

THE Detroit ELECTRIC

Today's Car of Utility and Economy

400 Gas Car Owners Proved Wrong

A list of 400 owners of gasoline cars was compiled.

Each owner was requested to state offhand how many miles he traveled a day.

The answers ranged from 60 miles to 150.

That was about what we thought they would say.

Most motorists do think they travel a good many miles a day.

Then we had them check the speedometer readings over a period of the past four months.

And the 400 owners proved themselves wrong.

They did not travel anything like what they thought they did.

As a matter of actual fact 300 of the 400 traveled less than 44 miles a day.

80 traveled about 60 miles a day. 18 about 65. And 2 traveled about 90 miles a day.

Now all of the 400 thought that the Detroit Electric should have a 200 mile range on a single charge of the battery in order to meet their needs.

But the facts prove that if the Detroit Electric only had 90 miles on a charge it would be sufficient.

Yet it does have an actual mileage of from 80 to 100.

That is more mileage on a single charge than any one of the 400 gas car owners would need or use.

Have you had a wrong impression as to your mileage needs?

Let us show you the modern Detroit Electric.
